# CONNECTING THE WAY PEOPLE WORK

## START UP

Need a simple way to get up and running fast? No problem. Looking to expand and customize workstations for a growing business? Empower does that, too. With Empower benching, you've got the power to do more. Offer more personal space. Enjoy more adaptability. Route power more efficiently. It's simple to order, easy to install and quick to reconfigure. When you Empower your people, you keep pace with the changing demands of today's small business.

Shown with Ignition 2.0 and Ignition Multi-Purpose seating and Voi and Contain storage. Inspired by HON color palette Wheat.

## GROW UP

Your business is growing? Nice! Now the question is how to get everyone into a defined space. No problem. Empower benching fits more people into a smaller area without sacrificing privacy, style or productivity. It helps you respond to changes in your organization by easily adapting and expanding to support new team members and varying work styles. Empower has the scalability to support your growing business as future needs arise.

Shown with Ignition, Ignition 2.0 and Flock seating and Contain and Flagship storage. Inspired by HON color palette Academy.

## CHANGE UP

Offering choice is essential when planning space for an agile workforce. Empower makes it easy for anyone to find a home by integrating personalized work tools and storage elements to take on many forms throughout the office. From transient workstations to in-line and 120° dedicated teaming layouts, Empower is the versatile solution that doesn't compromise individual work styles.

**A. TEAMING**  
Organize Groups

**B. DEDICATED**  
Define Boundaries

**C. TOUCHDOWN**  
Support Nomads

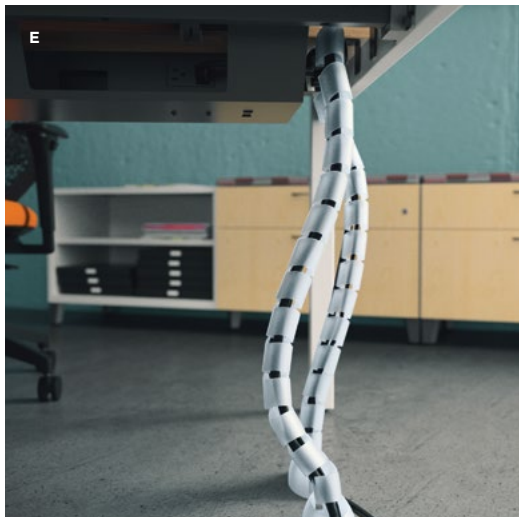

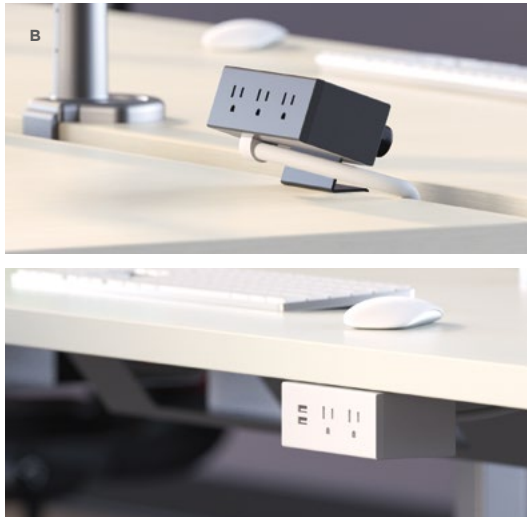

**D. 120° TEAMING**  
Angled for Better Space

## POWER UP

Say goodbye to extension cords and tangled cables. Empower supports fixed and mobile devices with efficient power and cable management. Cords for monitors and other tools that stay plugged in on a daily basis are cleanly routed to troughs below the worksurface, while the things you charge throughout the day are given convenient access above the worksurface. Smart. Discrete. Scalable. That's Empower.

**A. WIRE TROUGH**

As the main electrical artery, power and data cables are laid into the trough.

**B. POWER MODULES**

Plug power modules into the duplex in the trough and attach them to the worksurface for easy access to electrical and USB ports.

**C. MONITOR ARM**

Add single or dual monitor arms to free up desk space and achieve a healthier posture.

**D. POWER POLE**

Start a run from a ceiling outlet that powers an entire benching configuration.

**E. VERTEBRAE POWER PIECE**

Keep cords collected and controlled from floor to wire trough with this innovative vertebrae.

Shown with Solve seating and Contain storage.  
Inspired by HON color palette Energy.

## FRESHEN UP

Your work area is an extension of your brand. Express yourself. Worksurface screens define personal space and add privacy. A variety of laminate and paint finish options give you creative freedom. Keep it simple or jazz it up. It's your brand. Your culture. And Empower puts you in total control.

**A. LAMINATE FINISHES**

With 25 selections to choose from, it's easy to get the exact look you want.

**B. PRIVACY PANELS**

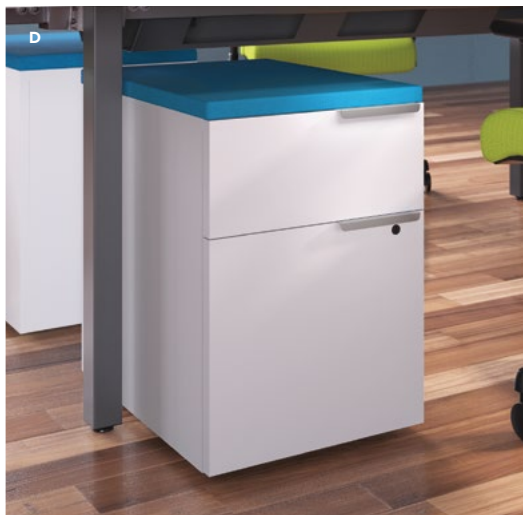

Frosted glass. Colorful fabrics. Magnetic metal. Attractive laminate. Empower screens add style, privacy and functionality.

**C. PAINT FINISHES**

Choose from 11 finish options to blend in or stand out.

**D. STORAGE OPTIONS**

Support any work style by adding HON pedestals, credenzas and storage towers to Empower benching. Even turn them into convenient short-term seating by adding a cushioned top.
