# ORGANIZATION FROM THE INSIDE OUT

## IMAGINE THE POSSIBILITIES

Contain is redefining active storage from the inside out. This streamlined collection is designed to unify an entire office, while maximizing storage capacity. With a diverse offering that supports the needs of individuals and teams, it is perfectly suited for today's changing workspaces. The entire collection of pedestals, towers and credenzas is designed to work great alone, and even better when combined with HON desks, workstations and open plan configurations. It also offers easy access to frequently used items. Expand your capabilities for storage, efficiency and collaboration with Contain, the versatile storage solution that maximizes space and brings everything and everyone together in one convenient, distinctive collection.

## FROM PRIVATE TO OPEN

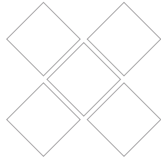

Contain is designed to adapt to virtually any work style or space. The collection of multifunctional elements supports active work by keeping everything neatly organized and within reach, while also serving multiple functions. Credenzas and pedestals with cushions double as short-term seating. Credenzas and storage towers help define pathways and create boundaries in open environments. From heads-down personal work to impromptu connections, Contain supports the wide variety of ways that work gets done.

**PRIVATE OFFICES & OPEN PLAN**

Contain complements any private office configuration with modular storage components, footed bases, and a broad selection of attractive laminate finishes that create an upscale look. Contain low credenzas with cushions can double as short-term seating solutions in open plan environments, while storage pedestals keep commonly used items close at hand.

## AND EVERYWHERE BETWEEN

Contain is so much more than active storage — it enables productivity. The flexible design increases planning freedom when combined with HON desks, workstations and collaborative solutions. It promotes interaction by creating arrangements that support casual, impromptu encounters. From dedicated meeting spaces to versatile common areas, Contain delivers a higher level of organization and productivity to spaces throughout the office.
