HUDDLE UP

In today's office, work happens everywhere: in project rooms, in meeting and learning spaces, in impromptu collaborations where two or three people put their heads together to solve a problem or share information.

Huddle multi-purpose tables let you use the same space for a variety of purposes and make change happen fast. Set up several in a conference room for new employee training at 10:00; reconfigure them for a presentation at noon. Pull one up to a desk for a quick work session with a colleague. Push two against the wall to stage a paper-intensive project.

A wide selection of over 20 laminate finishes, 11 base colors, and 2 edge detail options makes Huddle perfectly compatible with any work environment.

UP FOR CHANGE

Time is money, and space is serious overhead. Huddle multi-purpose tables work with you to make the most of both. Tables are available with a choice of top shapes (rectangular or half-round) and bases (post legs, T-legs, or nesting bases). With a variety of options to choose from, you can specify Huddle tables that are easy to set up and easy to rearrange.
